Step 4. That's it you have created your SendGrid account and got access to dashboard

The screenshot shows the SendGrid dashboard for user Nooriya Begam. The browser address bar displays `app.sendgrid.com/guide`. The dashboard includes a sidebar with navigation links: Dashboard, Email API, Marketing, Design Library, Stats, Activity, Suppressions, Settings, and Twilio SMS (marked as new). The main content area features a welcome message, a 'Create a sender identity' section with instructions and a 'Create a Single Sender' button, a 'Send your first email' section, and a 'Remove email sending limits' section. A progress bar indicates '1 out of 4 completed' for finishing account setup. At the bottom, there is a 'Select a paid plan' section with a note about completing setup steps.

app.sendgrid.com/guide

Welcome, Nooriya!

To get up and running quickly, please follow the steps outlined below.

Send your first emails with Twilio SendGrid

Create a sender identity

Before sending email, you'll need to create a sender identity. There are [two ways](#) to do this, but we recommend creating a Single Sender to get set up quickly and test your email integration.

Your sender identity is the "from" email address recipients will see in their inbox. [Learn more](#)

[Create a Single Sender](#) [Authenticate a domain instead](#)

Send your first email Please create a sender identity before sending your first email.

Remove email sending limits

Finish your account setup 1 out of 4 completed

Select a paid plan Please complete the steps above to select a paid plan. In the meantime, you can explore [API](#) or [Marketing Campaigns](#) plans.

Output:

Send Grid account created successfully.
