

## Setting up Application Environment

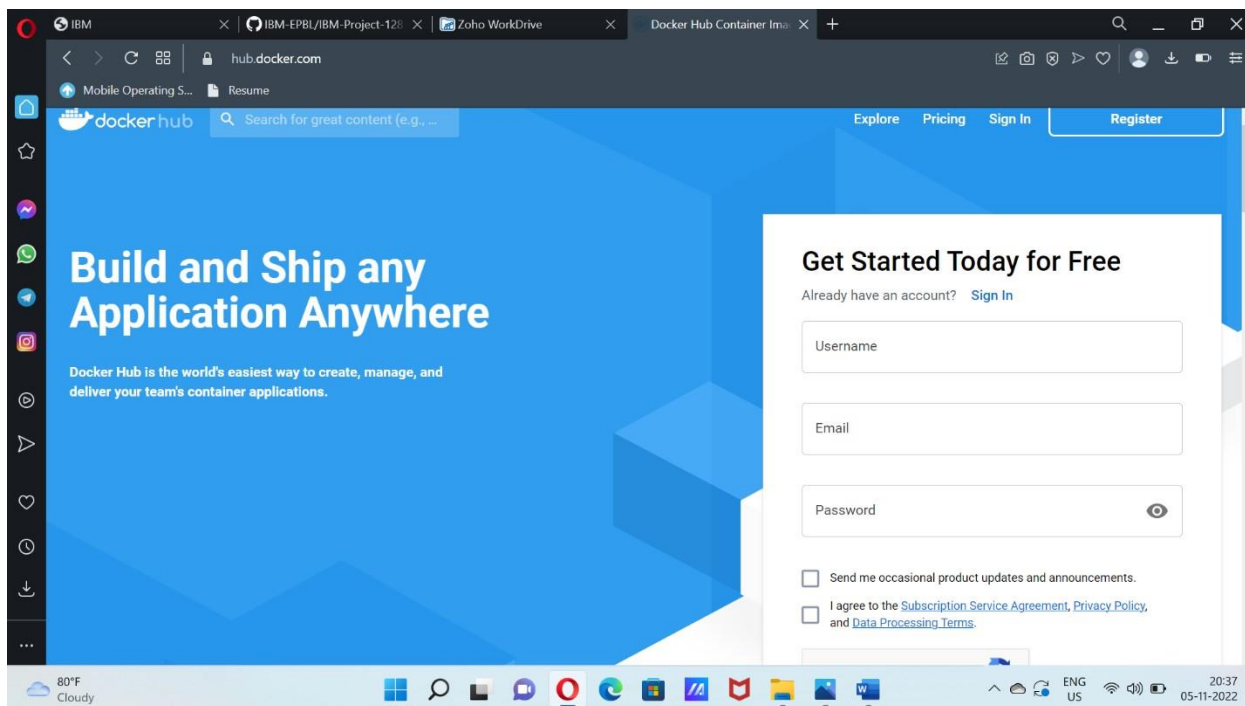

### Docker CLI Installation

Date	5 November 2022
Team ID	PNT2022TMID48213
Project Name	Skill/Job Recommender Application

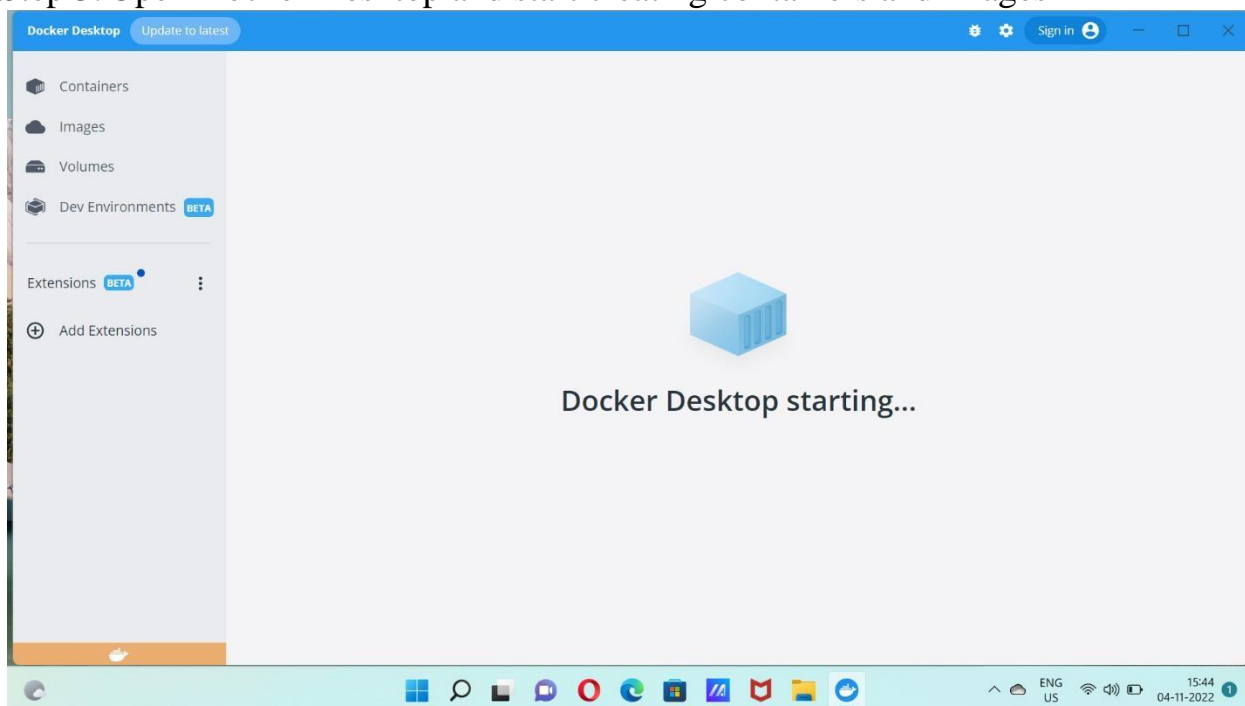

Step 1. Download Docker from [docker.com](https://docker.com) and install it by running the Docker Desktop Installer.exe file

Step 2. Goto [hub.docker.com](https://hub.docker.com) register and create an account and login with the same

Step 3. Open Docker Desktop and start creating containers and images

## Docker Accounts: Team Lead:

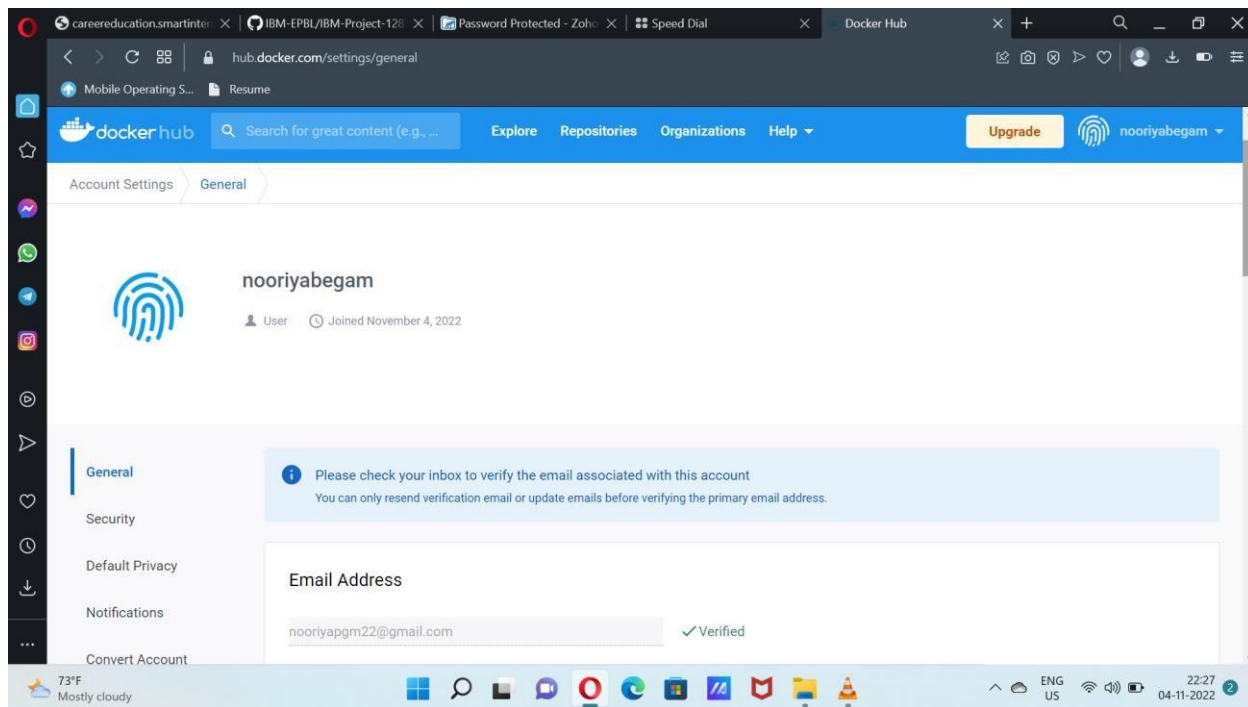

## Team Member 1:

The screenshot shows the Docker Hub account settings page for the user 'fathimagani'. The browser tabs include IBM, IBM-EPBL/IBM-Project-128, Password Protected - Zoho, Speed Dial, and Docker Hub. The address bar shows 'hub.docker.com/settings/general'. The Docker Hub header includes a search bar, navigation links (Explore, Repositories, Organizations, Help), an 'Upgrade' button, and the user's profile. The account settings page has tabs for 'Account Settings' and 'General'. The user's profile shows a fingerprint icon, the name 'fathimagani', and the status 'User' with a join date of 'November 4, 2022'. The 'General' tab is active, displaying a message: 'Please check your inbox to verify the email associated with this account. You can only resend verification email or update emails before verifying the primary email address.' Below this, the 'Email Address' field shows 'alshahid0522@gmail.com' with a 'Verified' status. The left sidebar lists options: General, Security, Default Privacy, Notifications, and Convert Account. The Windows taskbar at the bottom shows the date as 04-11-2022 and time as 21:25.
